National Anthem

by Francis Scott Key

O say, can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming;
Whose broad stripes and bright stars, thro' the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air
Gave proof thro' the night that our flag was still there.
O say, does that Star-Spangled Banner yet wave
O'er the land of the free and the home of the brave!

Alma Mater

by Fred Lewis Pattee

For the glory of old State,
For her founders, strong and great,
For the future that we wait,
Raise the song, raise the song,

Sing our love and loyalty,
Sing our hopes that, bright and free,
Rest, O Mother dear, with thee.
All with thee, all with thee.

When we stood at childhood's gate,
Shapeless in the hands of fate,
Thou didst mold us, dear old State,
Dear old State, dear old State.

May no act of ours bring shame
To one heart that loves thy name,
May our lives but swell thy fame,
Dear old State, dear old State!

COLLEGE OF ENGINEERING COMMENCEMENT

Spring 2023 Baccalaureate Degrees

PROGRAM NOTES

The bachelor of science degree is conferred after the satisfactory completion of eight semesters of study. The bachelor of architectural engineering degree requires ten semesters of study.

Students who have satisfactorily completed the advanced course in military, naval, or air science may be granted commissions upon graduation. Military and air science graduates are commissioned as second lieutenants; naval science graduates may be commissioned as ensigns in the U.S. Navy or second lieutenants in the U.S. Marine Corps.

HONORS GROUP: This group comprises those students who have completed the required number of credits at the University and who are in the top 12 percent of their graduating class in their college. The 12 percent is divided into 2 percent “Summa Cum Laude,” 4 percent “Magna Cum Laude,” and 6 percent “Cum Laude.” Honors are noted with asterisks (* = Cum Laude; ** = Magna Cum Laude; *** = Summa Cum Laude). This list was produced on March 16, 2023, as an unofficial list of graduating students earning honors.

STUDENT MARSHALS: College of Engineering student marshals are chosen on the basis of their outstanding academic achievements and contributions to engineering student life.

ABOUT OUR COMMENCEMENT SPEAKER

CHARLES L. DAGES II

CHAIRPERSON EMERITUS
BOARD OF TRUSTEES FOR THE NATIONAL ACADEMY
OF TELEVISION ARTS & SCIENCES

Charles L. Dages II is the former chairman of the Board of Trustees for the National Academy of Television Arts & Sciences. Dages' industry experience includes more than 35 years as an entertainment executive at Warner Bros.

and CBS. Dages joined Warner Bros. in 1994 as senior vice president of technology. During his tenure at Warner Bros., Dages was responsible for implementing new innovative technologies to the production, post-production, and distribution of feature films, television, and interactive entertainment. He led the creation of a complete digital facility for *The Ellen DeGeneres Show* at the Warner Bros. lot in Burbank, California. He also managed the launch of the Warner International Channel, *Extra*, and *The Rosie O'Donnell Show*. Additionally, he designed and built the innovative WB TV Network digital infrastructure which was later recognized with a technical Emmy.

Prior to joining Warner Bros., Dages worked at CBS in a number of positions including vice president of East Coast operations, vice president

of engineering, and vice president of development. Major projects under his purview included the Ed Sullivan Theater for the *Late Show with David Letterman*, CBS Evening News studio, *60 Minutes* post, CBS Broadcast Ops Center, and technical facilities for the 1992 and 1994 Winter Olympic Games, among others.

Dages has served as a board member or chair for several companies and organizations including start-up Content Guard, a patent pool holder for protection of entertainment property; the Partnership for an HIV-Free Generation in Africa; Digivation; and summer camps dedicated to promoting STEM arts education. He currently serves as a technology board adviser for the Barbara Bush Foundation for Family Literacy.

In 2005, Dages received the Penn State Outstanding Engineering Alumni award. In 2022, he was honored with the Alumni Fellow Award by the Penn State Alumni Association.

Dages lives in River Vale, New Jersey with his wife, Kathy. They have three children and ten grandchildren.
